

The **GDV-20 DISPENSENTRY™** is a manual fluid dispenser for applying solder paste, adhesives or potting compounds etc. The programmable unit operates in 4 modes:

1. **Manual mode** for dispensing with the foot pedal.
2. **Semi-auto** for dispensing for a programmed amount of time.
3. **Auto-mode** is for programmed interval and dispense times.
4. **Learn-mode** stores real time dispensing for Semi or Auto use.
